#### Volkswagen Tire Store Assembly Return Policy

All dealers participating in the Volkswagen Tire Store program administered by Dealer Tire may return assemblies purchased through the program within 60 days of receipt of goods. Dealers will be charged a restocking fee totaling 20% of the purchase price of the assembly for those eligible returns and are responsible for the freight to return them to the specified Dealer Tire warehouse. Dealers are to contact their account manager or Volkswagen Tire Store Carline Services contact (1-888-898-4731) to determine what the Ship-To address will be.

All returns may NEVER have been mounted on a vehicle and must be in "as new" condition. Assemblies that have been classified as discontinued or obsolete may not be returned at any time. Dealer Tire retains the right to inspect all returns prior to acceptance and may reject the return if they are found to be non-conforming to this policy in any way. Returned assemblies that do not meet these criteria will be returned to the Dealer at their cost.
